The XAS 188 is the flagship product of our range and, arguably, of the construction industry. It has become the essential companion for customers that need to take the tools to perform their work with them - wherever they go. Towed and transported by vehicles across the country, the XAS 188 is ready to go, and ready to move, when you are.

Atlas Copco designed the Utility range for integration on utility vehicles. A footprint is, of course, an important design feature. And as these compressors are always on the road (instead of only towed when required); weight is also crucial. Compared to Gaspar's previous XAS 47, the Utility U 110 is 82 kg lighter.
