The Ultimate Guide to Bitcoin is meant to be...well, the ultimate guide to Bitcoin. It explains what Bitcoin is, why it exists, how it works, who uses it, and more. On the surface, anyway, Bitcoin is easier to understand than you might think. Yes, there's a lot of detail under the surface (and we cover that too), but I try to

"Bitcoin Internals" is relatively short and only covers the highlights of key components of the protocol, but it can serve as a good launching point for further exploration - you can follow the references, or branch out on your own. As a bonus, the author also doesn't dwell on the politics and instead focuses on the
