Once you find something you're interested in, click on the book title and you'll be taken to that book's specific page. You can choose to read chapters within your browser (easiest) or print pages out for later.

City Sense And City Design

Summary. Kevin Lynch's books are the classic underpinnings of modern urban planning and design, yet they are only a part of his rich legacy of ideas about human purposes and values in built form. City Sense and City Design brings together Lynch's remaining work, including professional design and planning projects that show how he translated many of his ideas and theories into practice.
