There are a few paid-for books though, and there's no way to separate the two

Democracy At Risk How Political

Democracy at Risk is an accessible well-written look at what it would take to transform the United States into a vibrant democracy. A group of leading political scientists assembled by the American Political Science Association collaborated in assembling what we know about why Americans don't participate and what it would take to engage them.

Democracy at Risk: How Political Choices Undermine Citizen ...

Citizens are participating in public affairs too infrequently, too unequally, and in too few venues to develop and sustain a robust democracy. This important new book explores the problem of America's decreasing involvement in its own affairs. Democracy at Risk reveals the dangers of civic disengagement for the future of representative democracy. The authors, all eminent scholars, undertake three main tasks: documenting recent trends in civic engagement, exploring the influence that the ...
