Dr. Gundry was among the first to lead the charge of busting health myths wide open. Dr. Gundry came to realize that even "healthy" choices like fruits and vegetables can take a toll on your body. While some nutritionists would have you feast on high sugar fruits, Dr. Gundry knew that was a bogus attempt at a so-called better diet.

There is a diet from U
Mass for UC and
Crohn's that I have
been following that
include pumpkin,
oatmeal, nut butters,
kefir, Greek yogurt and
other NO foods on Dr.
Gundry's list. This diet
from U Mass is
designed to change
your gut microbiome,
like Dr. Gundry's diet
but uses different
foods so I'm confused.
