schools are those with deep cultures of creative problem solving. But both innovation and creativity depend on imagination first: the ability and willingness to conceive of what is not.

Imagination First: Unlocking the Power of Possibility ...

To use our imagination consciously for creativity is to decide what we want to focus on and use our imagination to drive energy towards that outcome. Using our imagination in this way is accessing the power necessary to create something, be it a project, a piece of writing, painting a picture or even cooking a meal!

How To Unlock And Embrace The Incredible Power Of Your ...

Imagination First: Unlocking the Power of Possibilities Case Solution. In this interview, the manager of Lincoln Centre's educational initiatives claims that what we believe is that which we see: most people interpret new information in ways that bend toward our preconceptions and confirm them, and this tendency shapes how we move through the planet as people. Sadly, this tendency is magnified when we join together in groups.
