In the Country of Last Things is a stark & compelling vision of the future where a government's only real contribution to society is ensuring the corpses are swept clear from the streets. This very fragile hold on the name of 'authority' is in a world where people scavenge for the tiniest morsels be it food or possessions.

Generally For goods made in one country with no foreign inputs, determination of the country of origin is easy--it is the country of production.

Increasingly, however, goods are processed in multiple countries using both domestic and foreign materials, thereby complicating the determination of

In the Country of Last Things is virtually a how-to for any budding writer as it uses sparse detail and very limited dialogue to completely drive home the

potency of the theme.

I've yet to read a book

I did not like from Paul

Auster, and In the

Country of Last Things

is certainly no

exception. ~Scott
