takes a leading role in introducing the next generation to the wide breadth of careers in the construction industry. When she first started in college, she had a pretty specific idea of what her role in the industry would be, but then she discovered that it could be even more ...

Modern Steel Construction

The Glasgow Subway is an underground medium-capacity rail system line in Glasgow, Scotland. Opened on 14 December 1896, it is the third-oldest underground metro system in the world after the London Underground and the Budapest Metro. It is also one of the very few railways in the world with a track running gauge of 4 ft (1,219 mm). Formerly a cable railway, the subway was later electrified, but ...
