In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Star Trek The Next Generation

While I would never doubt that the original Star Trek series is a classic, after all, they did name a Space Shuttle after the Enterprise, "The Next Generation brought the 21st century into our homes each and every Saturday night, and helped us to believe that we can `Boldly go where no man have gone before!'
