STUART TURNER R3M Marine Petrol Engine 1 1/2 H.P. water cooled single cylinder 2 Stroke. A small but heavily built and reliable two-stroke marine engine of 1930's design, with mechanical 'banjo' water pump and centrifugal clutch.

STUART TURNER P66 D Marine Petrol Engine - PRESTON SERVICES

Hi. We have a P66D engine number 22B780 .The engine is in a Townson 28 keeler yacht. The Townson 28 was built about mid or early 1970's in Auckland, New Zealand. The Stuart Turner engine is the original engine that was put in it. We bought the boat in Sept this year 2004 and trucked her down the north Island to Wellington. We are trying to "get to know" her engine so we can diagnose and repair and ...

3 thoughts on “ The Stuart Turner P5 Marine Engine ” Alan Simon, DDS on January 2, 2012 at 9:04 pm said: I was looking in my garage and I have one of these engines. I bought it over 30 years ago with the intention of building a launch with it in the hull for all to see. Time went by, along with many of my life experiences.

The Stuart Turner P5 Marine Engine | vivacity20

History of the company Before World War I. Stuart Turner Ltd was incorporated in 1906 and started to produce model steam engines, gas engines for domestic electricity, lathes, etc. Stuart Turner went on to produce further model steam designs, and in 1906 there were nine models in the range. By 1907 more space was needed so premises were rented at Market Place in the centre of Henley-On-Thames ...
