### Syntax & Sentence Structure - Practice Test Questions ...

Syntax • Any speaker of any human language can produce and understand an infinite number of possible sentences • Thus, we can't possibly have a mental dictionary of all the possible sentences • Rather, we have the rules for forming sentences stored in our brains - Syntax is the part of grammar that pertains to a

### Syntax: The Sentence Patterns of Language

The theory of syntax that we're working within this class is called X-bar theory. X-bar theory makes the claim that every single phrase in every single sentence in the mental grammar of every single human language, has the same core organization. Here's a tree diagram that shows us that basic organization. Let's look at it more closely.
