Holistic Nursing is defined by the American Holistic Nurses Association (AHNA) as “all nursing practice that has healing the whole person as its goal”. The practice recognizes the total human being - the interconnectedness of body, mind, emotion, spirit, social/cultural, relationship, context, and environment .

Holistic Nursing Care: The Human Journey | Sacred Heart ...

Holistic education is considered a form of alternative learning because of its emphasis on creating a different learning environment from what is typically practiced. True to its name, holistic education places an emphasis on the whole growth of a learner instead of emphasizing only specific parts of the human experience.
