The Absent Superpower The Shale

The Absent Superpower is essentially its Appendix, with much greater detail on a few key points -- primarily, the shale revolution. The Accidental Superpower is, without exaggeration, one of the most important, interesting, and paradigm-shifting books I've ever read. Unfortunately, The Absent Superpower was a HUGE disappointment.

The Absent Superpower - Zeihan on Geopolitics

Posted on April 16, 2017April 16, 2017by Jonathan M. The title of Peter Zeihan's latest book, The Absent Superpower: The Shale Revolution and a World Without America, does an excellent job of summing up the two main themes running through the text. In Zeihan's mind, the growth of the shale industry in North America, and an American Foreign Policy that is slowly shifting away from its post-World War Two/Cold War footing, mean that the world is about to change in profound ways.

Book Review: The Absent Superpower by Peter Zeihan - PoliAtlas

Zeihan takes the story a step further in The Absent Superpower, mapping out the threats and opportunities as the world descends into Disorder-- Source other than Library of Congress. Introduction: The journey to the absent superpower -- Part 1. Shale new world.

The absent superpower : the shale revolution and a world ...

His latest book, The Absent Superpower brings this into focus. If I had to concisely describe it, I'd say that it was essentially the same content as his earlier book (The Accidental Superpower) with a long promo for the shale oil industry and a far less interesting narrator.
