Network sniffer programs allowed anyone with a bit of technical know-how to drive through residential neighborhoods and tap into active Wi-Fi networks from the street. This became known as wardriving. Without WEP enabled, sniffers could capture and view passwords and other personal data unprotected households sent over their networks.

Social Security: The Windfall Elimination Provision (WEP)

The PATH Manual is broken into Sections and Chapters. Each Section is numbered separately. As updates to the manual are made, a guidance letter will be issued to the MWAs to indicate which pages within the manual are affected. Updates to the manual will be issued quarterly and on an as-needed basis when significant policy changes occur.
